

EXTERNAL MAGNETIC SENSOR WITH 3 FT. CABLE

A weatherproof external magnetic antenna for your iPro controller, DT3D, or FIBOX sensor.

SKU: 402-0043

Category: [Parts](#)

PRODUCT DESCRIPTION

A weatherproof external magnetic antenna for your iPro Controller, DT3D, or FIBOX sensor. It has a magnetic base on a 3 ft. cable. Stick it to anything magnetic to receive a better signal. This antenna is tuned to provide maximum range for your iPro controller, DT3D, or FIBOX style sensor.

Please note this type of antenna can only be used on a iPro Controller, DT3D, or FIBOX style sensor iPro (see photos). It cannot be used on pyramid-style iPro sensors.
